### GREAT WELCOME AWAITS MAY SUTTON

Los Angeles, Cal., July 15.-When May Sutton, the world's woman tennis champion, returns to sos Angeles she will receive a welcome never before accorded a California woman. All California is proud of her great work in the English tennis tournament. While the tournament was going on the bulletin boards of the newspapers in Los Angeles and Pasadena were surrounded by people all day.

The name of Sutton is synomymous with tennis in southern California and the family boasts four girls who are all experts at the game. There is not a court in the whole state which has not seen May, Voilet and Florence Sutton or Mrs. Bruce, a married sister. A few years ago May was an unpromising beginner. She was all hands and feet. Her sister, Mrs. Bruce, tried to teach her, but finally gave it up in despair. To her sister's taunts May replied: "You will see the day when I will be the best tennis player in the world," and she set to work all aione. Gradually the awkwardness wore off and her muscles developed. She said nothing but kept at work entering tournament after tournament. Pretty soon not only her sisters but her friends began to realize that she was the best player in southern California. She went east last year and never lost a match, winning the American championship by the most consistent form ever shown

Dollar Saved Represents Ten Dollars Earned.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. This being the case, he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Cholle, Cholera and Diarrheea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by all dealers. Dollars Earned.
